Dear Families and Friends,

LPAF: Congratulations Louie on a wonderful performance at the Lismore Performing Arts Festival this week! The choir impressed us all with their joyful harmonies. The children also loved attending the matinee performance yesterday to see what Louie had been up to and to watch the performances from our local schools.

In the classroom: A highlight for the children this week in the classroom was when Angela introduced them to her bee hive, complete with honeycomb, which we all got to taste. They learnt about beekeeping and that without bees, two-thirds of our fruits would not be available.

Channon Teams Day: Tomorrow (weather depending), the whole school will be heading to The Channon for Teams Day, at Coronation Park, The Channon. This is a great opportunity for students from multiple schools to play mini games in a non-competitive environment. The Channon PS will be running a canteen on the day, a pricelist is attached. Please wear school shirts and sports shoes.

FilmBy Filming Workshop: Louie will attend the filming workshop at Eureka PS on Wednesday 7 September. This will be a hands-on workshop where the students learn about camera angles, getting good coverage and proper filming techniques. Please return attached permission note as soon as possible.

We pay our respects to the people of the Bundjalung nation upon whose country we learn and teach.

SASS Recognition Week: Yesterday marked the beginning of SASS week. SASS Week celebrates the vital role played by School Administrative and Support Staff (SASS) in our schools. Thank you, Kate, Karl and Steph, for the incredible work you do for our school community. So many of the experiences that our children get to enjoy can only happen because of the behind-the-scenes efforts and commitment of our SASS staff (and because of their willingness to regularly use their own cars and fuel to transport our students!).

Goonengerry and DEEC visit: Next Thursday Goonengerry school and the Dorroughby Environmental Education Centre will be joining us here at school for Threatened Species Day. We will share environmental activities with the kids from Goonengerry, including Bush School, art and research.

School Photo Day: Our School Photo Day is Tuesday 13 September. Please complete and return the attached envelope by this date.

Thornless Native Raspberries: Peter Hardwick, a local bush food developer, has partnered with local Indigenous custodians to propagate and distribute native thornless raspberry plants. Thank you to Daley's Nursery in Kyogle for donating one of these plants to our school for our bush tucker garden and thank you Kate for making this happen.

Public Speaking Day: Our students are busily preparing for our annual Public Speaking Day. We hope to hold this day Thursday 22 September and parents are encouraged to attend.
